A MESSAGE FROM US

A Word Before the Numbers

October was a month of learning, celebrations, sharing and meaningful connections at Mera Parivar.

Across our centres, children continued their learning through regular education programmes, while food distribution, clothing support and nutrition initiatives remained an important part of our everyday work.

The month brought several moments of joy through Gandhi Jayanti, Dussehra, Dandiya, Karwa Chauth and Diwali celebrations. Children also enjoyed movie screenings, fun activities and interactions with volunteers from different organisations.

Beyond our centres, we participated in community meetings and consultations, creating opportunities to share experiences and learn from others. Our health initiatives, including the Community Cancer Screening Camp, also helped bring awareness about early detection and prevention.

Every activity, whether big or small, reflects our continued effort to support children, empower women and build stronger communities.

We are grateful to everyone who contributed their time, support and kindness throughout the month.
